

# MELGES 15 DEMO DAY

The Melges 15 is a double-handed boat suited to husband/wife, parent/child or youth sailors unable to do the full weekday program. Ideal crew weight is 275-350lbs. Boats are rigged with a main, jib and spinnaker for excitement, yet they can be single handed with the main only if you want to enjoy some true socially distant sailing. Boats ordered now will be delivered in September and we could even sail a few days this fall. The class will be running a winter series in Sarasota, FL. Come see something new and go for a sail.

**August 7th  
5 till 9 OCYC**

**Double Handed  
Husband/Wife  
Parent/Child**
